

BIRTH CHART *anatomy*

Planetary Aspects
are the connections between planets and influence the energy and behavior of those planets

The Midheaven
is the highest point above the horizon at birth, and will be influenced by the sign and house it resides in

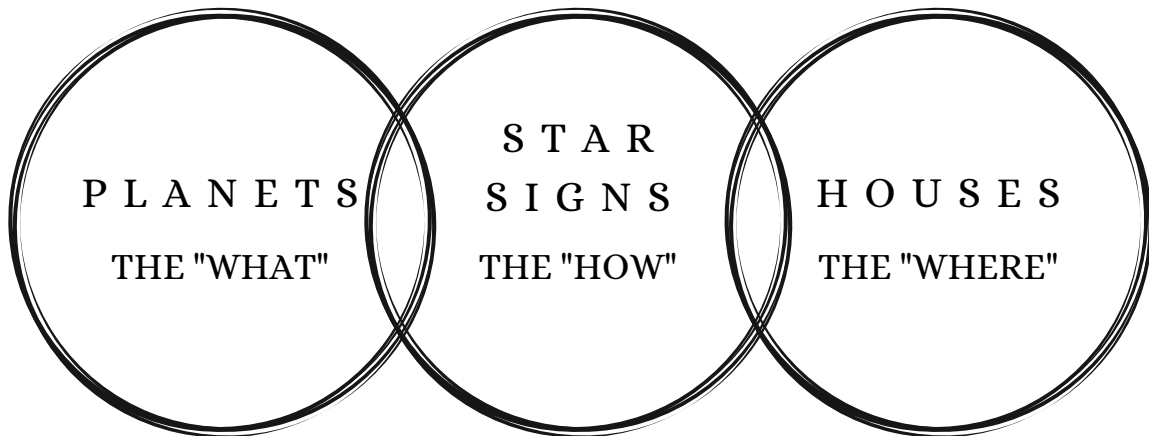

The Ascendant
is where the eastern horizon was at the time of birth, and will be influenced by the house and sign it is positioned in

Planets, Moons and Asteroids
will manifest themselves differently depending on the house and sign they appear in

Star Signs
represent one of 12 constellations in the sky, and affect the manifestation of planetary energy

The Houses
divide the sky into 12 sectors and affect the energy of the planets and signs that occupy them
